

Dear Commissioners,

I am requesting further consideration of how new broadcast service known as Low Power FM would affect us in WV, namely our K-LOVE station. My wife and I have been supporters of K-LOVE for several years and find that they offer positive music that is sometimes difficult to find on other stations. If K-Love were displaced by a LPFM we would not have anything to replace it providing local, regional and national venue as they are able to do so well.

I believe that the service provided by K-LOVE is in the publics best interest by their ability to provide positive and encouraging programming.

Sincerely,

Aaron Campbell  
Lost Creek, WV
